VOLUME 31 NUMBER 1

The Mississippi Southern College

BULLETIN

Department of Extension

CLASS INSTRUCTION

CORRESPONDENCE STUDY

HATTIESBURG, MISSISSIPPI

JULY, 1943

Published quarterly by The Mississippi Southern College, Hattiesburg, Mississippi. Entered as second-class matter February 19, 1917, at the post office at Hattiesburg, Mississippi, under the Act of August 24, 1912.

OFFICERS OF ADMINISTRATION

J. B. George, Ph.D. ..... President
H. M. Craft, M.A. ..... Vice President, and Director of Extension
B. W. Curry ..... Financial Secretary
Miss Mary Pulley, B.S. ..... Registrar

EXTENSION OFFERINGS

The offerings of the Division of Extension are of two general types as follows:

A. Extension work by class instruction in which the teacher meets the classes at some study center provided by the class.

B. Extension work by correspondence in which the student works out written assignments which are sent by mail to the instructor and graded by him and returned to the student.

The work of the Extension Department is organized to conform to the regulations of the Southern Association of Colleges and Secondary School and the regulations of the National Extension Association of Teachers Colleges.

EXTENSION CLASS STUDY

1. Mississippi Southern College is anxious to serve the Teachers of Mississippi through the extension classes. Arrangements have been made to offer by extension any course included in the regular college schedule on condition that satisfactory library and laboratory facilities are available. In the Departments of Health, English, Education, Psychology, History and Social Science, it is possible to offer a number of courses without special library arrangements other than those available through the College. Those interested in arranging for extension classes in centers convenient for them should write the Director of Extension.

2. Any person qualified to profit by an extension course may be admitted to the classes for non-credit study. However, those who expect college credit for a course must meet regular admission requirements. Students will not be permitted to do extension work during regular attendance at any college.

3. Extension classes spend the same number of hours in recitation as are required for the same course taken in residence. No extension class may meet for more than sixteen hours in one week, or four hours in one day. No extension course may continue after the opening of the second term of the spring quarter.

CORRESPONDENCE STUDY

GENERAL REGULATIONS

1. The matriculation fee for a correspondence course is $2.50 per quarter hour. Thus, the fee for a four-hour course is ten dollars and for a two-hour course five dollars.

2. **Fees are not returnable after lesson assignments have gone out of the correspondence office.**

3. If credit is desired, the student must meet the usual college entrance requirements and the course prerequisites. Only those courses numbered below one hundred are open to students of freshmen or sophomore rank.

4. No more than forty-eight hours earned in extension may be counted toward a degree from Mississippi Southern College. No more than twenty-hours (of the forty-eight hours) earned by correspondence study may be counted toward a degree.

5. Students seeking enrollment for correspondence study courses are required to fill out an application blank for each course desired.

6. Text books are ordered by the student from the publishers whose names and addresses are listed on the first assignment sheet.

7. The maximum time for the completion of a four-hour course (twenty-four lessons) is one year from the date of acceptance of the application. For reasons considered adequate by the Extension Division this time may be extended one year upon the payment of a fee of $3.00. Applications for extension of time should be accompanied by the fee for such extension. No such application can be considered unless received within sixty days of the date of expiration of the course.

8. No student will be permitted to rush through a correspondence course for any reason.

9. The minimum time for the completion of a course is four weeks from the date of beginning work, provided assignments are sent in two or three at a time at regular intervals proportionately spaced over the minimum time.

10. No work may be done by correspondence while a student is in attendance at any institution of learning, unless he has written permission of the dean of his college. It must be understood that if correspondence is allowed while in residence, it becomes a part of the student's load for the quarter, and this work must be completed within that quarter. Examination on a course must be taken during the time of the regular examinations for the quarter.

11. A student should not enroll for more than one course at a time.

12. As the lessons are completed, the student mails or brings them to the Extension Division for correction by the instructor.

13. No credit will be allowed on a course which is completed in less than the minimum time of four weeks, exclusive of the time the student may be engaged in residence work at any institution.

14. Credit will not be allowed when there is evidence that unfair assistance has been obtained either on the lessons or the final examination.

15. The Correspondence Department is not responsible for lessons lost in the mail due to insufficient postage, or otherwise.

16. Teachers in service will not be allowed to complete more than eight quarter hours per quarter. Correspondence work and Extension cannot be taken at the same time.

RULES FOR PREPARATION OF ASSIGNMENTS

1. Use 8½x11" paper of light weight, (regular notebook or typing paper). Envelopes addressed to the Division of Extension are sent with the outline of the course. The lessons must be mailed in these envelopes, one or two assignments to an envelope.

2. In preparing the recitation, observe carefully the following rules:
   a. Write on one side of the paper only.
   b. Write with ink or use typewriter.
   c. Leave a margin of two inches or more on the left side of the paper. (This space is for the instructor's comments, corrections, etc.)

3. Write your name and address, the name of the course, and number of the recitation paper at the top of the first page of each lesson.

4. The recitation paper must contain only the lesson; all business and other communications must be written on a separate sheet, and mailed in a separate envelope. We are not responsible for any delay caused by letters being enclosed in assignments.

MAILING OF LESSONS

1. In the upper left-hand corner of the envelope addressed "DIVISION OF EXTENSION", in which the recitation paper is enclosed, **write your full name and address.**

2. In the lower left-hand corner of the envelope, write the name of the course and number of the assignment.

3. Have your lessons weighed before mailing; be sure there is enough postage on them. When the postage is insufficient, the lessons will not be accepted by the Extension Office until full postage has been paid.

EXAMINATION INSTRUCTIONS

1. Final grades and credit or correspondence study courses depend on the examination. The lesson assignments are intended to assist the student in preparation for the examination.

2. Upon completion of the assignments the student must immediately take up with the Extension Office arrangements for the examination.

3. Final examinations are held either by regular instructors of Mississippi Southern College, instructors in other institutions of higher learning, county superintendents or high school superintendents selected by the student and approved by the Director of Correspondence. **A student may defer examination on a completed course until he enters the College for residence work, in which case the examination must be taken within one week after the student registers.**

4. A student may not spent more than three hours on the examination.

5. Before beginning the examination, all books and papers must be removed from the desk except the examination papers.

6. It is preferable for the student to use ink when taking an examination.

7. Students who are, for any reason, permitted to take a second examination on a subject, are charged a special fee of one dollar.

COURSES OFFERED BY CORRESPONDENCE

Commerce

115 Business Law, Harlam
130 Salesmanship and Advertising, Harlam

Education

101 Arithmetic in the Elementary Grades (Old 71 and 85), Jones
107 Teaching of Reading and English in Primary Grades, Jones
109 Teaching of Reading and English in the Upper Elementary Grades, Jones
113 Principles of High School Teaching
√169 Tests and Measurements

English
